ABOUT ME

AI-Powered MERN Stack Developer with hands-on experience building responsive, full-stack web applications using React.js, Node.js, Express.js, MongoDB, JavaScript, REST APIs, and modern web technologies. Experienced in integrating AI APIs, AI tools, and AI-powered features into web applications to improve automation, productivity, and user experience. Skilled in developing authentication systems, CRUD applications, API integrations, database-driven applications, and responsive user interfaces. Also experienced with PHP, Laravel, and MySQL, providing a strong foundation in backend and full-stack development. Passionate about building practical, scalable, and intelligent web solutions using modern MERN and AI technologies.

EDUCATION AND TRAINING

07/12/2024 – CURRENT
ADSE (ADVANCE DIPLOMA IN SOFTWARE ENGINERRING) Aptech Learning Center

Website https://aptech-education.com.pk/ | **Field of study** Software and applications development and analysis

01/08/2019 – 07/08/2022 karachi, Pakistan
O LEVEL Beaconhouse School System

WORK EXPERIENCE

WEB DEVELOPER – BIDEC SOLUTIONS PVT LTD – 01/12/2025 – 01/03/2026 – KARACHI, PAKISTAN

- Developed and maintained dynamic web applications using PHP, MySQL, HTML, CSS, JavaScript, and Bootstrap.
- Designed and managed relational MySQL databases for web applications.
- Implemented backend functionality, CRUD operations, authentication, and server-side validation.
- Integrated APIs and handled data exchange between frontend and backend services.
- Developed responsive interfaces compatible with desktop and mobile devices.
- Debugged application issues and optimized functionality for improved performance.
- Used Git/GitHub for version control and collaborative development.
- Applied basic web security practices to protect application data and user input.

FRONTEND DEVELOPER – CORETECH INNOVATIONS – 11/05/2025 – 12/06/2025 – NAWABSHAH

- Developed responsive web interfaces using HTML5, CSS3, and JavaScript.
- Integrated APIs to retrieve and display dynamic data in web applications.
- Created interactive UI components with a focus on usability and responsive design.
- Optimized frontend performance and improved user experience.
- Worked with Git for source-code management and project updates.
- Collaborated on structured development, testing, and debugging processes.

LANGUAGE SKILLS

Other language(s): **ENGLISH** | **URDU** | **SINDHI**
